ANTI-SOCIAL STREET ACTIVITY

Overleaf is **contact information** for Lincoln BIG as well as the three most relevant agencies.

In response to the Businesses concerns about the Street Drinking, Legal High Consumption, Begging, Rough Sleeping and Homelessness Lincoln BIG have put together a pack which will assist businesses in reporting any incidents of anti-social street activity and help the relevant agencies address the individuals most in need. Lincoln BIG will keep a record of the incidents reported to them and also refer those incidents to the relevant agency if the business itself has not already done so.

It is worth remembering that there may be many complex issues and reasons surrounding a person's circumstances and often there is no simple answer, so it may take time for the concerns of businesses to be addressed. If we are to make a difference a constant flow of information is required from the businesses.

Lincoln BIG will collate evidence and refer it to the relevant agencies but we are not an enforcement or care agency so we have no powers to directly influence any outcomes. To make reporting to us easier for the business there are incident forms enclosed once a log is completed please detach the top copy and send in the enclosed prepaid envelope retain the second copy for your records. There is also a guide for submitting reports on the Lincoln BIG intranet if this is more convenient.

City of Lincoln Council Public Protection and Anti-Social Behaviour team respond to complaints relating to environmental offences and anti-social behaviour. The service works both in response to complaints and proactively on broader issues. The team are currently working in partnership to deliver the following relevant

projects: Public Space Protection Order – banning the consumption of intoxicating substances in the City Centre area. Operation Applaud: A joint operation alongside Lincolnshire Police to tackle street drinking and begging. Low level ASB should be reported to the Councils Public Protection Team.

Lincolnshire Police work

in partnership with the City of Lincoln Council in respect of all the above functions carried out by the Public Protection service, along with further general policing provision. Criminal Activity and serious ASB should be reported to the Police.

Framework Street Outreach Team

have a dedicated telephone number to report rough sleepers. Calls to the number will result in a visit to the rough sleeper to provide assistance. Framework regularly carries out checks and counts to identify rough sleeping. Any calls reference homelessness should be made to Framework.
